

NEW PRODUCT ANNOUNCEMENT

NEW! SV Conversion Kit for New Condensing Models

- Compatible with the new NRC83-DV and NRC98-DV* SV convertible models
- Used to convert newer Noritz condensing direct vent DV models to non-direct vent (SV) operation
- Kit includes 3" PVC 90° elbow and a special anti-contaminant screen that fits directly onto the intake flue for a simple installation
- This accessory is required for the SV conversion for proper operation

*For model **NRC98-DV** units only with S/N **2011.09-002286** and later can be SV converted

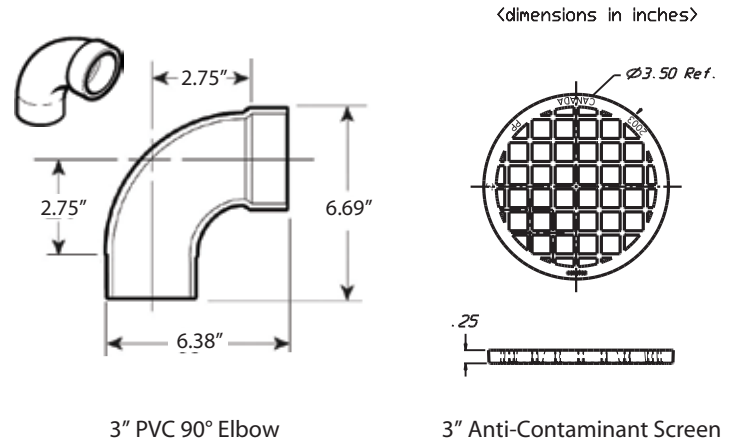

Product: SV Conversion Kit
